

Softener Salt Guide

Pentair FOLEO 15L

- Uses Pure Tablet Salt
- We only recommend Hydrossoft of Aquasol salt
- Provides 1,400ltrs of Soft Water between regenerations
- Typically uses **50% less** salt than other softeners, due to its ultra-efficient computer control system and pressure regulated brine cycle.

Our bodies are mostly Water!

Hydrossoft and Aquasol tablet salt are available in either 10kg or 25kg bags.

On average a person uses 145 litres of water per day!

Pentair IQ Soft 9L

- Uses Pure Tablet Salt
- We only recommend Hydrossoft of Aquasol salt
- Provides 900ltrs of Soft Water between regenerations
- Typically uses **40% less** salt than other softeners!

Kinetico Premier Compact 4.5L

- Uses Block Salt supplied in packs of 2 x 4kg blocks
- Expect to use 1 x 4kg block per person/per month
- Provides 450ltrs of Soft Water between regenerations
- Typically uses **30% less** salt than other non-electric softeners
